

CLAIMS

That which is claimed:

- SUB A1
1. A process comprising the steps of:
 - a) using a capturing means to capture the image of artwork,
 - b) using a collecting means to collect the images of the artwork,
 - c) using a grouping means to sort those images into a grouping,
 - d) using a distribution means to distribute the grouping, and
 - e) using a displaying means to display the grouping containing the images of the artwork.
 2. A process comprising the steps of:
 - a) creating one or more digital image files of artwork,
 - b) transmitting the digital image file,
 - c) collecting the digital image file,
 - d) accepting or rejecting the digital image file,
 - e) compiling the accepted digital image files to form a grouping,
 - f) transmitting the grouping of digital image files, and
 - g) displaying the grouping.
 3. The process of claim 2, further including combining advertising files with the accepted digital image files into the grouping.
 4. The process according to claim 2 wherein the digital image files are jpeg and mpeg files.
 5. The process according to claim 2 wherein the artist takes a digital photo or scans a picture to create the digital image file.

6. The process according to claim 2 wherein the grouping is transmitted over Internet.
7. The process according to claim 2 wherein the grouping is transmitted by making a cd-rom or dvd of the grouping and physically transferring the cd-rom or dvd.
8. The process according to claim 2 wherein the grouping is transmitted over Internet to remote locations.
9. The process according to claim 2 wherein the digital image is transmitted to a collection web site.
10. The process according to claim 2 wherein the grouping is displayed on a public web site.
11. The process according to claim 2 wherein the grouping is displayed by projection onto a wall or screen.
12. The process according to claim 2 wherein the grouping is displayed on a personal computer.
13. The process according to claim 2 wherein the grouping comprises a combination of jpeg and mpeg digital image files.
